... better for you

European ecological label (register number ES-AR/044/001)

Washability higher than 10.000 cycles. UNE 48.243 for type II paints.

Fire classification of materials: Reaction to fire. B-s1,d0 UNE-EN 13501-1: 2007 + A1:2010

## Instructions for use

For new surfaces, apply by diluting 10% to 20% with water for the first coat, depending on how absorbent the surface is. Leave to dry for 3 to 4 hours before applying the second coat, using a dilution of 5% to 10% water. On painted surfaces, any paint in poor condition must be removed, whether lime, tempered or any other type of paint.

Apply using a brush, roller or spray. Stir the container well until its contents are mixed. It is not advisable to paint at temperatures below 5-6 ° C. Do not store in locations exposed to frost.

## Packages available

Formats: 15 L, 4 L, 0,75 L

Color: White

Finish: Matt
